Professional Summary:

Professional Web Designer and Web Developer with over 15 years of experience in front-end technologies such as HTML, CSS, and JavaScript. Proficient in WordPress, PHP, MySQL, Laravel, and Shopify. Currently serving as the CEO and Founder of Webtricker Web Design and Development Agency, specializing in project management and client relations. Prior experience includes top-level management at IIndev Web Development Company, where I rose through the ranks to become the top-most Senior Manager after the CEO & Founder. Experienced in CMS projects, hand-coding, and quality assurance for various front-end technologies.

Technical Skills:

- Front-end: HTML5, CSS3, JavaScript, jQuery, React.js, Next.js, Node.js, GSAP, Anime.js
- Back-end: PHP, Laravel
- Database: MySQL
- Content Management Systems (CMS): WordPress, Shopify, Webflow, Wix, Ghost CMS
- Project Management and Client Relations
- Can train people on Web design & Development

Professional Experience:

Webtricker Web Design and Development Agency
CEO and Founder | Dhaka, Bangladesh | 2008 – Present

- Successfully founded and managed Webtricker, a leading web design and development agency.
- Lead and oversee all CEO responsibilities, including client management, project management, and business growth strategies.
- Collaborate with a talented team to deliver high-quality web solutions.
- Expertise in WordPress, PHP, Laravel, and Shopify development projects.

IIndev Web Development Company

Senior Manager | Jamalpur, Bangladesh | August 2008 - May 2013

- Joined the company as a junior developer and demonstrated exceptional dedication, hard work, and honesty, which led to three promotions during my tenure.
- Consistently met project timelines and played a vital role in office management and operations.
- Rose through the ranks to become the top-most Senior Manager in the company, following the CEO & Founder.

Sabalamby Unnayan Samity (SHOUHARDO Project Phase-1)

Commodity & Humanitarian Assistance Officer | Netrakona, Bangladesh | February 2006 - May 2008

- Managed a team of food distributors and oversaw all aspects of managerial work, including data collection, report preparation, commodity management, and commodity distribution.
- Provided training to team members, participated in planning and action, and handled day-to-day management.
- Maintained effective communication and liaison with senior management and the team.

Accomplishments:

Brilliant Glass

- Project: Brilliant Glass Website: <http://brilliantglass.ca/>

- Description: Successfully completed a project from Figma design to custom HTML, CSS, and JavaScript development. Delivered a custom WordPress website tailored to the client's needs.

TK Ween Design

- Project: TKWeen Design Website - <http://tkweendesign.com/>
